RESPONSE TO RESTRICTION REQUIREMENT
AND AMENDMENT

Dear Sir:

This paper is filed in response to the Office Action dated February 22, 2002 (Paper No. 4), in which election of an invention to the subject matter of one of the following three (3) groups of claims is required:

Group I Claims 1, 3, 5, 7-15 drawn to a polynucleotide of SEQ ID NO:1 or 3, a vector, a host cell, and a process for producing a polypeptide, classified in Class 435, subclass 69.1;

Group II Claims 28-33 drawn to a method for binding hek with a hek-L polypeptide, classified in Class 435, subclass 7.1; and

Group III Claims 28-33 [sic, 34-39] drawn to a method for binding elk, with a hek-L polypeptide classified in Class 435, subclass 7.1.

Applicants provisionally elect, with traverse, Group I for examination. In view of the traversal detailed below, Applicants request that the restriction requirement be revised so that the claims of Groups I, II, and III are examined together in this application.
